EXPERIENCE

💼 Frontend Web Developer   **August 2024 – September 2025**

Xenova Soft, Islamabad

- Worked as a **Frontend Web Developer** collaborating closely with senior developers on real-world client projects.
- Designed and developed multiple responsive landing pages and user interfaces with **React.js, JavaScript**, and **Tailwind CSS**.
- Contributed to projects such as **Lenzajobs, Damelo, and Sparks**, focusing on performance optimization, cross-platform compatibility, and SEO.
- Gained hands-on experience in collaborative software development, version control (Git/GitHub), and Agile workflows.

Coffee Shop and Damelo:

- Developed using **React.js** and **Tailwind CSS**, focused on building dynamic user interfaces and ensuring cross-platform compatibility.
- https://github.com/IrfanUllahs/damelo.git
- https://github.com/syedsaqlain34/coffee-shop

SPARK:

- An ongoing project built using **Next.js**, where I'm implementing server-side rendering and optimizing for performance and SEO.
- https://github.com/syedsaqlain34/spark-landing-page
